for Co-Operation between Railways

As of 3 December 2024

ORGANISATION FOR CO-OPERATION BETWEEN RAILWAYS (OSJD)

The Organisation for Co-Operation between Railways (OSJD) is an international Organisation established at the Railway Ministers Conference in Sofia, Republic of Bulgaria, by the ministers responsible for the railway transport, on June 28th, 1956. The OSJD activities are undertaken according to the OSJD Statute, which is of an international treaty nature.

OSJD Committee is a depositary of:

- two international agreements, being of vital importance for the cross-border rail traffic – Agreement on International Passenger Traffic (SMPS) and Agreement on International Goods Transport by Rail (SMGS);
- tariffs – MPT, MTT and ETT;
- rules for the use of passenger coaches and freight wagons – PPW and PGW;
- other agreements and contracts.

Among the OSJD members there are transport ministries and central transport bodies, responsible for the railway transport, from 30 countries.

According to the Statute of the Organisation for Co-Operation between Railways, other forms of participation in the OSJD are possible, e.g.: as an observer – for ministries or railways (there are 5 of them at present), and as an affiliated enterprise (currently the total number of them is 36) – for the organisations and companies involved in railway activities.

FIELDS OF ACTIVITIES

Major OSJD activities comprise:

- development and improvement of international railway transportation with the traffic between Europe and Asia in the first place, to include combined transportation;
- development of consentaneous transport policy in the field of international railway traffic, elaboration of railway transport and OSJD activity strategies;
- improvement of international transport law, administration of the Agreement on International Passenger Traffic (SMPS), Agreement on International Goods Transport by Rail (SMGS) and other legal documents connected with the international railway traffic;
- co-operation for tackling the issues connected with the economic, information, scientific, technological and ecological aspects of railway transport;
- development of measures aimed at the increase of railway transport competitiveness in comparison with other modes of transportation;

- co-operation in the field of railway operation and technical matters connected with further development of international railway traffic;
- collaboration with other international organisations engaged in railway transportation matters, including those of combined transport.

GOVERNING BODIES

The **“OSJD Ministerial Conference”** (MC) is the supreme OSJD governing body. The Ministerial Conference considers and takes decisions at the governmental level concerning all matters related to the OSJD field of activities, taking into account the proposals of the **“Conference of General Directors (Authorised Representatives) of OSJD Railways”** (CGD), which is a governing body on the level of railways and railway undertakings and enterprises.

In 2024 the LI (51th) session of the Ministerial Conference was held in the city of Warsaw (Republic of Poland) from 18 till 21 June, while session LII (52nd) of the Ministerial Conference is scheduled for June 2025 in the People’s Republic of China.

The Conference of General Directors (Authorised Representatives) of OSJD Railways (CGD) organises the work and takes decisions within the capacity of railways and railway undertakings. In 2024 meeting XXXVIII (38) of the Conference was held on 15-19 April in the city of Ashgabat (Turkmenistan), whilst CGD meeting XXXIX (39) is planned to be held in April 2025.

The Ministerial Conference and the Conference of General Directors take decisions within their competence on the following issues:

- setting-up of working and other bodies, as well as their quantity, structure, work programme, duties, terms of activities and working procedures;
- appointment of the Committee’s managerial staff and post distribution among the OSJD members of the chairmen and specialists of the OSJD Commissions and experts of the OSJD Permanent Working Groups, as well as on other matters related to the OSJD activities.
